

Swingline®

Shredder Catalog 2014

Swingline® was founded in 1925, and we quickly revolutionized stapling with the introduction of our drop-in staple loading. Since then we have expanded into other office product categories — such as shredders — continuing our focus on quality craftsmanship, innovative technology and style. You can depend on Swingline shredders to help simplify your daily tasks, the same way you depend on our iconic staplers. We thank you for your business and for making us a part of the way you work.

How to find the shredder that is right for you

Choosing the right shredder is key to a good shredding experience. Use our step by step guide to find the shredder that is right for you.

Our selection is headed by two specialty shredder types: Automatic shredders from Swingline and High Security Shredders (Level 6 and 7).

STEP 1. How many people will use the shredder and where?

NUMBER OF USERS— USER GROUP

Start with number of users and look for the user group. Average business use can vary between 5 and 20 sheets per person per day.

STEP 2. What is the level of security needed for the documents that will be shredded?

SECURITY LEVEL— CUT STYLE

Once you have narrowed your search to a user group, look for the security level/cut style that fits your security needs. See chart.

Higher levels create smaller shreds and provide greater security.

Cut styles are “names” of various security levels.

Security Level* / Cut Style	# of shreds per 8.5" x 11" sheet†	Recommended for:
Level 7: High Security	13000	Top secret or classified documents, company secrets, government documents
Level 6: Super Micro-Cut	6200	Finance, HR and legal department documents, confidential documents with fine print
Level 5: Micro-Cut	2000	Documents with personally identifiable information, those related to pricing or cost information (example: price lists, vendor costs, financial analysis reports)
Level 4: Super Cross-Cut	400	Everyday documents with some personally identifiable information
Level 3: Cross-Cut (also diamond cut)	200	Everyday documents like emails, draft and final reports, extra copies of presentations – this is the minimum level of security recommended for most users
Level 2: Strip-Cut	34 strips	Junk mail, most shipping documents, old documents with expired information

*New international security levels (DIN 66399) established September 1, 2012
 †Approximate number of shreds per 8.5" x 11" sheet

STEP 3. Look for the sheet and waste bin capacity combination that meets your needs.

Refers to how many sheets of 20 lb. bond paper used in most offices the shredder can shred at a time.

WASTE BIN CAPACITY

Amount of shredded material the shredder can hold. Expressed in gallons or # of sheets of shredded paper that can fit in the bin before it needs to be emptied.

Additional considerations when choosing a shredder

HANDS FREE VS. MANUAL FEED:

Swingline® shredders come in one of two operating types. A hands free shredder is fully automatic. Once a stack of paper is loaded into the auto feed tray, the shredder will continually pull sheets through the cutters to shred without your supervision. A manual feed shredder requires you to hand feed the sheets.

ANTI JAM:

Anti-jam technology, including Intelligent Auto+® Jam Clearance, Intelligent Interactive Jam Clearance and Jam Stopper®, help protect a shredder against additional wear and tear caused by paper jams. Even with these features, jams may still occur on occasion. Operate every shredder according to manufacturer instructions for best results.

SOUND LEVEL:

Refers to the sound level in decibels that the shredder creates when operating. Look for machines with less than 70 decibels for shared environments to minimize noise.

The Swingline Advantage

Look for these icons to help choose the shredder that is right for you.

EXCLUSIVE TECHNOLOGY

AUTO+
INTELLIGENT JAM CLEARANCE TECHNOLOGY
Intelligent Auto+® Jam Clearance technology responds automatically to auto feed jams.

Intelligent Interactive Jam Clearance technology guides the user through a simple jam clearance process.

Jam-Free Non-stop
JAM PREVENTION INDICATOR
Patented technology works constantly to prevent jams in the manual slot before they happen. Red and green LED lights indicate if you are exceeding or within capacity.

4-DIGIT PIN LOCK
Programmable lock allows users to protect sensitive information during shredding by requiring a 4-digit PIN to access the document tray in the shredder.

Jam-Stopper® **JAM STOPPER®**
Detects shredder jams and automatically reverses excess papers.

ENHANCED PERFORMANCE

Self
SELF OIL
Extends shredder life and helps maintain peak performance by automatically lubricating the cutters.

SELF CLEAN CUTTERS
Helps ensure jam free performance by automatically removing shreds caught in cutters and reducing build-up.

BIN FULL INDICATOR
Icon on shredder interface illuminates when waste bin is full and needs to be emptied.

WIDE WIDTH
Extra wide paper entry facilitates shredding of large format sheets.

ECO-FRIENDLY SOLUTIONS

POWER SAVE
Conserves energy with an automatic power save feature. Machine powers off when not in use and wakes up automatically when paper is inserted.

PAPER BAGS
Exclusive recyclable paper bags are also available, made from recycled paper.

Swingline®

Stack AND Shred Shredders

The Complete Shredding Solution.™

Patented technology lets you stack and automatically shred up to 750 sheets at a time.

HIGH SECURITY

Instant peace of mind knowing that your confidential information is fully shredded.

MINIMAL SUPERVISION

Skip the hassle of monitoring strangers on-site and trucks blocking roads and entrances.

ECO-CONSCIOUS

Shredded paper can be safely added to your office recycling. Energy saving features help reduce your impact on the environment.

* Actual cost and time savings will vary by model. Calculations based on 3 million sheets using a Swingline Stack-and-Shred 750X Shredder. Shredder costs include cost of bags and oil. Shredding services cost based on average of 4 case studies across different organizations. Labor hours for manual feed shredder based on Intertek test data for time to shred 500 sheets. Labor cost assumed at \$25/hr (Average annual salary of \$55,000). Assumed same purchase price for machine and supplies for Stack-and-Shred and manual feed shredders. Manual feed shredder may or may not last 3 million sheets depending on model.

ECO-FRIENDLY SOLUTIONS

TAA Compliant Shredders

Secure. Reliable. Compliant. Swingline® TAA Compliant Shredders

Protect against information theft and ensure your shredders meet TAA requirements. Swingline® German engineered TAA shredders help your company comply with TAA regulations.

All Swingline® TAA Compliant Shredders stand up to heavy use environments, have an auto power save mode and come with a 2-year machine warranty. They also feature advanced Jam-Stopper® technology to prevent jams, making your large shredding jobs a breeze. Swingline TAA compliant shredders meet the requirements of the Trade Agreements Act (TAA), making them the right fit for government agencies and educational institutions purchasing with government funds.

TAA compliance applies to GSA Schedule and IDIQ contract purchases, and requires that products be assembled within the United States or in an approved country. TAA provisions apply to most, but not all, federal procurement contracts. Consult your corporate compliance officer and legal counsel to determine whether TAA applies to your situation.

Jam-Stopper®

CX40-59 Cross-Cut Shredder

Delivers cross-cut shredding in multiple user environments; TAA Compliant and made in Germany. Jam-Stopper® reverses jammed sheets and SelfOil reduces maintenance needs. Shreds 40 sheets at a time through a 16" paper entry and into a 59-gallon bin. Shredder plug has a T-shaped prong and requires a 20-amp circuit outlet. 2-year warranty with 2-year on-site service.

Item Number 1753210

CS50-59 Strip-Cut Shredder

Perfect shredder for heavy use environments: strip-cut shred style, German made, TAA Compliant. Powerful cutters shred CDs, credit cards, paper clips or staples. Handles 50 sheets per pass through a 16" paper entry into a 59-gallon bin, with additional Jam-Stopper® and SelfOil features. Shredder plug has a T-shaped prong and requires a 20-amp circuit outlet. 2-year warranty with 2-year on-site service.

Item Number 1753200

CX30-55 Cross-Cut Shredder

The Swingline® CX30-55 TAA Compliant cross-cut high capacity shredder is equipped with Jam-Stopper® for easy use and is ideal for commercial spaces. Ultra-quiet operation shreds up to 30 sheets, in addition to CDs, paper clips, staples and credit cards, into a 55-gallon bin. Shredder plug has a T-shaped prong and requires a 20-amp circuit outlet. 2-year warranty with 2-year on-site service.

Item Number 1758583

CS39-55 Strip-Cut Shredder

Heavy duty strip-cut shredder handles 39 sheet jobs, German made and TAA Compliant. Jam-Stopper® technology alerts when paper capacity is exceeded to help prevent jams. Shreds CDs, credit cards and documents with paper clips or staples into a 55-gallon bin. Shredder plug has a T-shaped prong and requires a 20-amp circuit outlet. 2-year warranty with 2-year on-site service.

Item Number 1753230

CM11-44 Micro-Cut Shredder

Commercial, TAA Compliant micro-cut shredder with Jam-Stopper® protects your sensitive information. Super quiet and runs continuously to shred up to 11 sheets per pass and credit cards without jamming. 16" paper entry and 44-gallon waste bin. 1-year warranty with 1-year on-site service.

Item Number 1753240

CX22-44 Cross-Cut Shredder

The Swingline® CX22-44 is a heavy duty cross-cut shredder designed for use in large office spaces. TAA Compliant and equipped with Jam-Stopper® cuts through 22 sheets at a time and features a large 44-gallon waste bin. 2-year warranty with 2-year on-site service.

Item Number 1758582

CS25-44 Strip-Cut Shredder

Reliable strip-cut shredder with Jam-Stopper® handles basic security on big shredding jobs. TAA Compliant and German made, this model shreds 25 sheets at once into a 44-gallon bin, plus CDs and credit cards with continuous duty run time and power save feature. 2-year warranty with 2-year on-site service.

ECO-FRIENDLY SOLUTIONS

Non-stop **Jam/Free™**

Jam Free shredders continuously check whether you're trying to feed too much paper. A red light indicates too much paper, and a green light indicates there is no risk of jamming. **No time wasted. No mess made.**

Large Office Shredders

LSM09-30 Super Micro-Cut Shredder

Providing higher security, the Swingline® LSM09-30 delivers super micro-cut shredding in a Non-stop Jam Free™ large office shredder. Can be used heavily and shreds up to 9 sheets at a time into a 30-gallon bin. The Jam Free feature prevents frustrating shredder jams and auto shut down conserves energy. 2-year warranty with on-site service.

Item Number 1770065

LM12-30 Micro-Cut Shredder

Micro-cut shred style provides higher security for safer destruction of confidential papers. The Swingline® LM12-30 also features Non-stop Jam Free™ technology and super quiet operation. Shreds everything from CDs to 12 sheet documents into a 30-gallon pull-out waste bin. 2-year warranty with on-site service.

Item Number 1770055

LX20-30 Super Cross-Cut Shredder

The Swingline® LX20-30 is made for heavy usage. Ten or more people can shred up to 20 sheets at a time continuously into a 30-gallon bin, and the self maintenance features plus Non-stop Jam Free™ technology make it easy. Super cross-cut shred style provides moderate security. 2-year warranty with on-site service.

Item Number 1770045

LS32-30 Strip-Cut Shredder

Swingline® LS32-30 is designed to meet the basic security needs of large offices with many users. This high capacity, strip-cut shredder can destroy 32 sheets at a time into a 30-gallon bin. Shred operation is very rarely interrupted as Non-stop Jam Free™ technology alerts users when shredder reaches feed capacity to prevent jams in advance. Shredder always provides reliable performance with very little maintenance due to the self cleaning cutters and SelfOil feature. 2-year warranty with on-site service.

Swingline®

Stack AND Shred™ Hands Free Shredder

STACK

SHUT

DONE

HANDS FREE shredding - it's a better way to shred

Now waiting in front of the shredder is a thing of the past - for any size office! With Stack-and-Shred™ shredders, you simply load your stack of paper, shut the lid and you're done - leaving you time for better things.
